# Why make a Will?

**Your will is probably the most important document you will ever own. Not only can it help safeguard your family and all the valuable things that you spend your life working for, it will also make sure they go to the right person.**

**We can offer a simple first time will or help to make changes to a long standing will, we are here to help by giving you a straightforward, hassle free, great value for money service.**

## About Us

**We have many years of professional experience drafting wills – and unlike many will writers, we still arrange home visits at a time that suits you.**

**Without a Will, you will not be able to do any of the following:**

- **Pass your estate to an unmarried partner**
- **Decide how much money is left to each of your family members**
- **Specify who will become the guardians of your children**
- **Leave something for a charity**
- **Leave a memento, eg a piece of jewellery to a treasured friend**
- **Reduce any potential inheritance Tax liability your estate might have**
- **Preserve your estate, should you go into residential care**

***“Some national reports estimate that up to 70,000 people each year are forced to sell their homes to pay for the cost of long term care”***

**Don't allow this to happen to you, we can help protect your home and savings**

***“I would just like to say a big thank you for helping my mother arrange her affairs”***

***Mr D Robinson, Huntingdon***
